## TAFT IS A HOOVERIZER

## AN ENEMY OF WOMANHOOD.

The complexion, digestion and almost the complete personality of woman are dependent upon health. Woman's ills are her great enemy, as they cause bad complexion, dark circles under the eyes, headache, backache, nervousness, sleeplessness, dragging down pains and the blues, and often totally unfit her for a companion. The great American remedy for such conditions is Lydia E. Pinkham's Vegetable Compound, which has been restoring three generations of ailing women to health, and may be relied upon with perfect confidence.—Adv.

SHANTUNG TEAROOM  
FOR THE SAN CARLOS

Exotic hues of the Orient, with furnishings that suggest the land of rice-fields and bamboo, have been chosen for the Shantung tearoom, which Manager C. B. Hervey of the San Carlos hotel is now having decorated to meet the social needs of those who have found in the sun parlor and the eastern loggia a setting for afternoon tea and evening parties.

The tearoom combines deep marigold hues with blue, and a note of forest green, to make a contrast and add to the piquancy of the decorative scheme. Singing birds in cages, hanging baskets and stands of flowers will create an environment which will give zest to entertainments held in the Shantung tearoom, which will open to guests and patrons of the San Carlos in a few days.

Give the world  
the once over

**L**Isten, fellows, to some straight talk. Many a man when he gets to be 40, misses something. He may have lots of money, and a fine family but—

He never "got out and saw things". After he gets settled down, it's too late.

Every man wants to see the world. No man likes to stand still all his life. The best time to TRAVEL is when you're young and lively—right NOW!

Right now your Uncle Sam is calling, "Shove off!" He wants men for his Navy. He's inviting you! It's the biggest chance you'll ever get to give the world the once over!

**S**hove off!-Join the U.S. Navy

The Navy goes all over the world—sails the Seven Seas—squats at the six continents—that's its business. You stand to see more odd sights, wonderful scenery and strange people than you ever dreamed of.

You'll work hard while you work. You'll play hard while you play. You'll earn and learn. You'll get, in addition to "shore-leave", a 30-day straight vacation—which is more than the average bank president can count on.

You can join for two years. When you get through you'll be physically and mentally "tuned up" for the rest of your life. You'll be ready through and through for SUCCESS.

There's a Recruiting Station right near you. If you don't know where it is, your Postmaster will be glad to tell you.

The Nujol Treatment as  
Sickness Prevention

Science, with anti-toxins, serums, and modern sanitation, has done much to prevent dangerous disease; but the diseases so checked are comparatively few. On the other hand, 90% of all diseases have one common origin—constipation.

The dangers of constipation are so far-reaching, because the blood receives poisons from an infected mass within, and carries them directly to every organ of the body; and because constipation itself keeps the system in a rundown condition so that any infectious germs from without readily gain foothold.

Keep clear of constipation and you guard against serious disease. Nujol will remove constipation and prevent its return.

The action of Nujol is entirely different from that of any other constipation remedy. It is not a drug. Nujol softens the food waste and encourages the intestinal muscles to act naturally.

Nujol helps Nature establish easy, thorough bowel evacuation at regular intervals—the healthiest habit in the world. Get a bottle from your druggist today.
